Pickup/Drop-Off Zone

During parent pick up time after school, many kids are wandering down the sidewalk in front of the school to get into their cars instead of waiting with the duty by the playground for cars to pull forward. This is a safety issue because kids are walking amongst the cars by themselves. Parents, please tell your kids to wait by the duty until you pull forward to load.

Also, in the pick-up line of cars after school, lots of parents have been parking in the loading zone in front of the school and leaving their cars there while going inside the school for something, or going to find their student in the pick-up area. This disrupts the pick up procedures as cars are backed up unable to move forward. Instead of leaving your car unattended, please park in the parking lot and then walk over and find your child. Please do not leave cars unattended. Do not use the drop off zone as a parking lot.
